# Arlington Council PTA Groups And Local Police Department Cooperate In "Comics" War

## Bill Is Now Before Legislature; Asks State Curb On Funnies

The fact that Arlington children are being, and have long been, sold unwholesome literature, mainly comic books, many of which glorify crime, has for some years been a subject of serious consideration of the social organizations of the town, as well as of the State, having the Welfare of the youth of the community at heart, and primarily of the PTA school groups, headed by the Arlington PTA Council, of which Mrs. John E. Stafford, 70 Egerton Road, is the active and progressive chairman.

Recent events have brought this important subject well into the foreground for immediate action and support of Arlington parents and teachers. In line with the recent action taken by the legislators, in which a bill was recently filed before the State Legislature

by Representative Bernard M. Lally, of Dorchester, recommending the censorship of comic books and also motion pictures, by State Boards, to consist of five members each.

The Commission would be unpaid. Stores and persons selling

comic books to minors before they have passed on by the Board of Censorship, would be liable to a fine of five thousand dollars.

The State commission would consist of the State Commissioner of Public Safety, the Boston Police Commissioner and three clergymen representing the Protestant, Jewish and Catholic faiths. The motion picture board would employ a \$5000 chairman but the other members would serve without pay. The board would include at least one woman and a clergyman. It would be in the powers of the

## To The Rescue!

Such a splendid example of excellent service as rendered by the Arlington Boy Scouts, in their present drive for the saving of lives of skaters who may fall through the ice at Spy Pond, should not go unnoticed. Each winter there have been several skating accidents occurring on this pond.

All Arlington residents should cooperate with the boys in their efforts to procure various live saving equipment, such as ladders, poles, rope, etc., and the placing of same at strategic locations around the shore of the pond.

Residents whose property borders the shore of Spy Pond are also being asked to cooperate and to permit their land to be used for the location of such vital equipment.

Our Boy Scouts will also be on the job to assist in rescues. They should be highly commended for the important service they are rendering to the community, and should receive the full cooperation of every citizen.

## "Are These My Children?"

In line with the present drive against the sale of unwholesome comic books to minors, in Boston, City Councillor Ramsey asked the council for the creation of a State Board, to have the power to oversee such publications and to ban those considered harmful to boys and girls of an impressionable age.

Stating that he had been shocked and amazed at some of these comic books brought home by his own three children, whose ages range from seven to eleven, Councillor Ramsey said he considered it necessary to take the books from them and burn them.

"I'm not talking about harmless comic books of the Donald Duck or Mickey Mouse variety," the Councillor said. "Or the wholesome comic strips published in the Boston Post and the Christian Science Monitor, I'm referring to those containing comics based on murder and other crimes, many of which books have an unwholesome influence on impressionable minds - in fact, some of them even glorify crime." He further states - "It might be a good idea for parents to take a look at some of the comic books which their sons and daughters have been buying for a nickel or a dime. I doubt if mothers and fathers have any idea what these books contain. I am amazed and disturbed at what I found my children reading when I took the books from them and persuaded the contents."

Councillor Ramsey considers it almost incredible that steps are taken to censor books read by adults, but that no precautions are taken to prevent such harmless and unwholesome comic books from getting into the hands of young children.

With the bill coming up for censorship board in the Massachusetts Legislature and the activities of the various PTA Groups, it is hoped that the bill will be "taken by the horns," without further delay.

# Success Of "Polio Benefit" Due In Great Part To Local Mother In Gratitude For Help

Great credit for the enormous success of the "Polio Benefit" which held a large audience interested for several hours at the Robbins Memorial Town Hall, last evening is ascribed to the work of Mrs. Raymond McKeever, of 47 Harlow Street, Arlington, who with her capable committee, labored long and earnestly for the success of this affair.

Mrs. McKeever was featured in the news recently when it became known that because of the fact that her eight year old son, who contracted polio several years ago, had made an almost miraculous recovery through the efforts of the National Foundation for Infantile Paralysis, she had promised herself to leave no stone unturned to help the Foundation in every possible way, when the occasion arose. Her efforts to put back the sum of one thousand dollars into the coffers of the National Foundation for Infantile Paralysis, is in a large measure responsible for the great success of the town-wide March of Dimes benefit held last evening.

Mrs. McKeever was formerly a Kindergarten teacher at the Crosby School, both before and after her marriage, and where incidentally, her son, Tommy, is now a fifth grade pupil.

Tickets for the benefit were printed by school children, through the cooperation of Superintendent of Schools Clifford Hall, while the Boy Scouts distributed posters. Churches also gave their wide support to the affair and the cooperation of newspapers in donating space and civic organizations which responded generously to put the benefit across share with Mrs. McKeever the great success of the occasion.

The benefit was held at the Robbins Town Hall, which was donated, for the evening of Wednesday, January 1, at eight p. m., for the use of the Arlington March of Dimes Committee. Boston Herald Columnist Bill Cunningham, State chairman of the National Foundation for Infantile Paralysis and Marjorie Mills, Traveler Woman's Page editor,

heading the list of personalities on the program donated their services, and delighted their audience with their timely and witty programs. The Arlington High School Band was in its usual fine form, while two high school artists, Francis Fabry, violinist, and Carol Sandler, pianist, came in for their share of the applause.

Says Mrs. McKeever - "The March of Dimes really does everything it says it does, and more too. They don't care who you are or what you are, and they did everything possible for my Tommy."

The work of the Foundation so impressed Mrs. McKeever that following the recovery of her son, she stated that "I felt if I ever had the chance to publicize it, I would." And her recent activities culminating in the great success of the benefit held last night at the Robbins Memorial Town Hall, have certainly borne lasting fruit in the form of a substantial fund realized to bring help to other "Tommys."

## Jurors Named

At the recent meeting of the Arlington Board of Selectmen, the following men were chosen to serve on the Second Criminal Session coming in at Cambridge on February 14, 1949: Michael T. Gibbons, 57 Chester Street; James F. Leverone, 12 Monadnock Road.

# George V. Morse Is Appointed Welfare Agent By Selectmen

At Monday evening's meeting of the Arlington Board of Selectmen, the appointment of Mr. George V. Morse, of 1 Vinebrook Road, Lexington, welfare agent to succeed Mr. Clifford W. Cook, who recently transferred to a similar position in the Town of Brookline was confirmed. Mr. Morse was chosen from a large group of candidates for the position. He will assume his new duties as of January 31, 1949.

Mr. Morse is widely and favorably known here, both socially and for his prominence in welfare affairs. He was born January 22, 1893, at Berlin, Massachusetts, and is a graduate of Amherst College, class of 1914, with an AB degree. In December of 1935, Mr. Morse was first appointed an investigator by the Lexington Board of Public Welfare. In September, 1939, he was named as welfare agent of the Lexington Board of Public Welfare. In July, 1943, he transferred from that position to the service of the State Department of Public Welfare, where he

has been working continuously ever since.

His classification there has been that of a Field Supervisor of District Four, which comprises among other cities and towns, the Town of Arlington. He comes here by way of a transfer from the State service to this position with the full approval of the Division of Civil Service of Massachusetts.

The Town of Arlington is fortunate in obtaining the services of a man as a successor to Mr. Cook, with the wide experience such as Mr. Morse enjoys, that of having served as welfare agent, and in his capacity as field supervisor, combining a thorough knowledge of the work, and is especially familiar with the demands and needs incidental to the welfare problems of the Town of Arlington. His long experience over the years during which time he has had frequent contact with the local Public Welfare Department and its personnel, means that he will fit easily and capably into the work of his new assignment.

## Chinese Supper

A Chinese Supper will be featured on January 25, at 6:30 o'clock, by the Women's Circle of Trinity Baptist Church.

Supper will be cooked by the Senior Hi Fellowship under the direction of the Special Guests, Mr. and Mrs. Chinn, native born Chinese, who will later speak. Supper will be served by the Junior Hi Fellowship.

## Appointed Leader

Among the ten young women appointed recently as part time recreational leader in the Boston Recreation system, at \$7.50 per day, is Miss Jean E. Sweeney, of 72 Allen Street, Arlington. The young women will be assigned to the municipal gymnasiums to conduct courses on Monday and Thursdays for girls and women.

# Four Present Members Of Housing Authority Take Out Papers For Election

The Town of Arlington at a special town meeting held in June of 1948, accepted the provisions prescribed by law for the establishment of a Housing Authority. Pursuant to that law, the Board of Selectmen named four members to the Housing Authority as follows: W. Dale Barker, Myron Chace, Hans Tobiasson, and Harold E. Magnuson. The fifth member, Torsten Reenstierna having been named by the State Housing Board.

The four members named by the Board of Selectmen were appointed to serve until the next annual election, or until their successors qualified.

It now becomes necessary that they, if they decide to continue, must be candidates at the coming elections. Members of the group have already taken out their papers for that purpose.

The candidate receiving the highest number of votes will serve for a five year period: the next highest number of votes, for a four year term; and the next highest, for two years: the next highest, for a one year period. The fifth member of the board will continue to be appointed a member by the State Housing Board.

## REMEMBERED IN WILL

In a will filed on Monday in Suffolk Probate Court following the death a week ago of Franklin R. Webber, timber magnate disposing of an estate of over one million dollars, it was stipulated that the sum of twenty thousand dollars be turned over to the Mt. Hope Cemetery for the care and planting of flowers in all seasons at his mausoleum. Other features of his will included the bequest of two thousand dollars and his thirteen year old Rolls-Royce automobile to his former chauffeur, Robert McKenzie of this town, who worked for the millionaire for over twenty years.

RULES AND REGULATIONS  
1. All games will be played on  
Friday evenings at both gyms in  
the Arlington High School. Two  
games will be played in each gym  
with the first game scheduled for  
7:30 p. m.

2. The schedule consists of a  
round robin tournament. Final  
standings will be determined on a  
percentage basis and team with  
highest percentage will be winner  
of the league.

3. Periods will be seven minutes  
each with one five minute over-  
time followed by a sudden death  
period in case of a tie game.

4. Team managers will be re-  
sponsible for keeping score and  
time of game. Our own super-  
visors will assist whenever possible  
but their primary duty is to sup-

ervise the crowd and thus protect  
the building.

5. Teams scheduled to play in  
the Old Gym will gain access to  
the building by the rear door of  
old building next to the gym. The  
showers in the old building will be  
available.

6. Teams scheduled to play in  
the New Gym will gain access to  
the building by the front door of  
the Lowe Auditorium. Showers in  
the basement of this building will  
be available to this group.

No one will be allowed to go  
from one gymnasium to the other  
by means of school corridors. If  
coaches need to check on teams  
in both gymnasiums, they must  
first go outside one building and  
then walk around to the other  
entrance.

8. Managers must keep their  
teams together at all times. Con-  
trol in this league is essential and  
every step possible must be taken  
to protect school property and  
equipment.

9. Additional games will be  
scheduled after the round robin  
tournament if teams so desire. We  
are late in starting the league  
however, and will not have suf-  
ficient time to schedule another  
round robin.

10. This is your league. The  
success of the league rests en-  
tirely with team managers. We  
feel confident that you will do all  
in your power to make this a very  
good program.

## Air Force To Hold Classes For Cadets

The U. S. Air force is increasing its Aviation Cadet Training Program from three classes to eight classes a year Major Douglas A. McKillop, Commanding Officer of the Boston Recruiting Station has stated.

Major McKillop explained that the effect of the change would be to shorten the waiting time between classes for young men who qualify but who have not been accepted because a class was filled. The annual enrollment will be larger than for any previous peace time year, but the size of each class will be reduced.

The next class, beginning April 4, will initiate expanded program. It will be limited to approximately 600 Cadets. Classes of similar size will follow at approximately six-week intervals. There

were 1300 students enrolled in the October class—the last under the March July October class system.

Men accepted for Air Force Aviation Cadet training must be between the ages of 20 and 26 1-2 years, with two years of college education or the ability to pass an equivalent examination, and must possess high moral, physical and personal qualifications.

Outstanding graduates immediately receive Regular commissions in the Air Force. All other graduates have an opportunity while on active duty to qualify for one of the many Regular Commissions offered each year by the Air Force.

Another base, Las Vegas AFB, Nevada, will be added in the spring to the seven bases at which Aviation Cadet training is given.
